

An abstract painting featuring a large, multi-colored dragon-like creature, possibly a Qilin, set against a dark, swirling background. The creature's body is composed of vibrant, glowing colors like red, orange, yellow, green, and blue, which contrast with the deep blues and blacks of the surrounding space. The style is fluid and dynamic, with visible brushstrokes and a sense of movement.

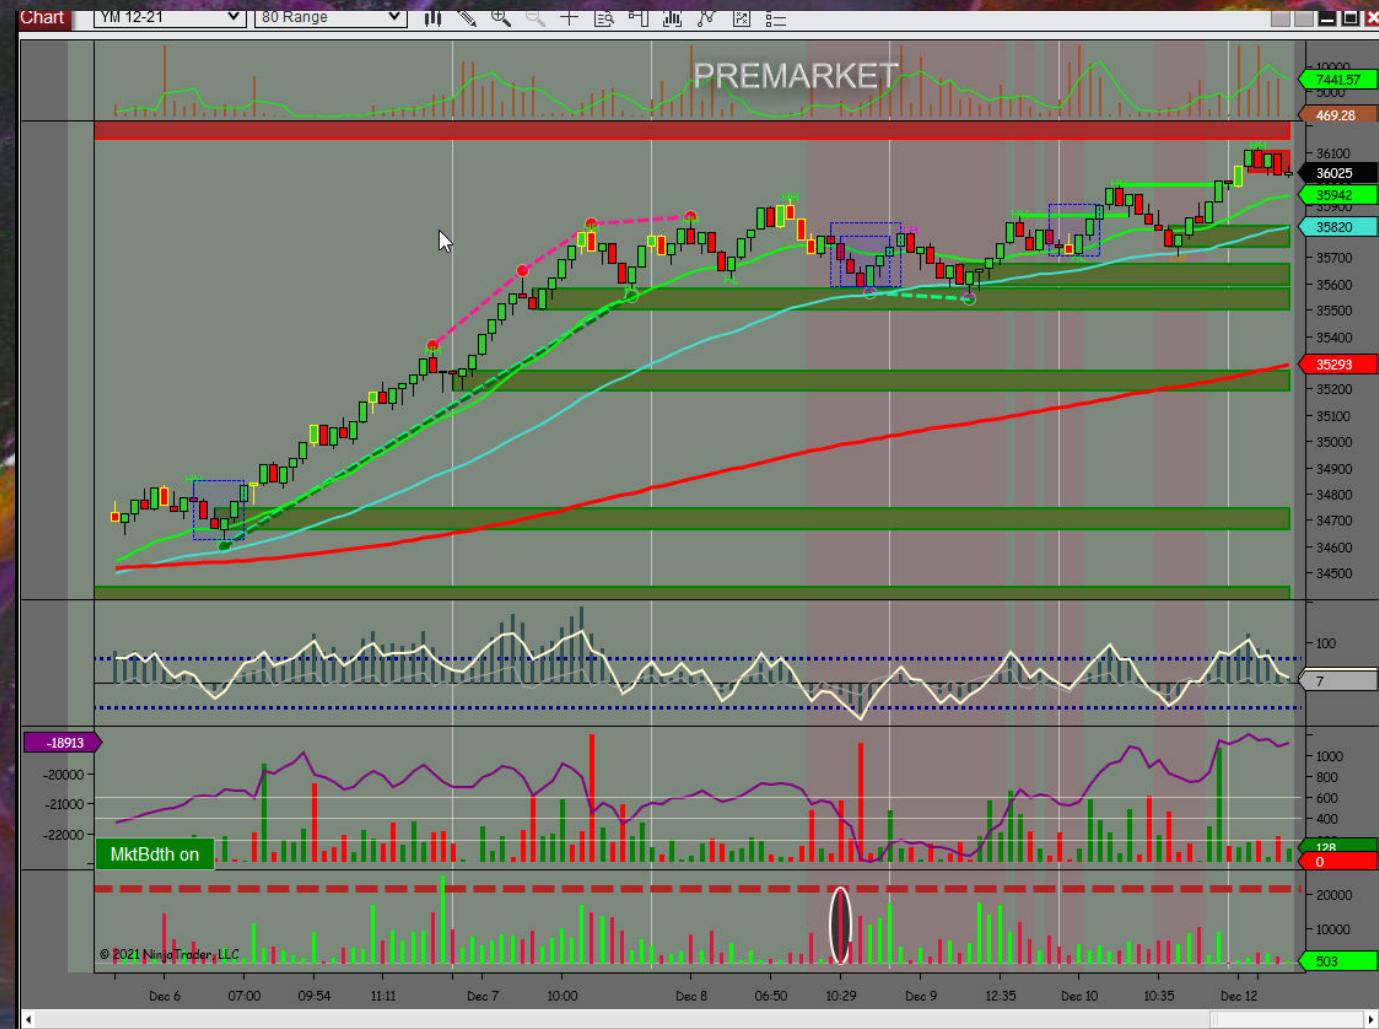

Trading 3rd Week of December

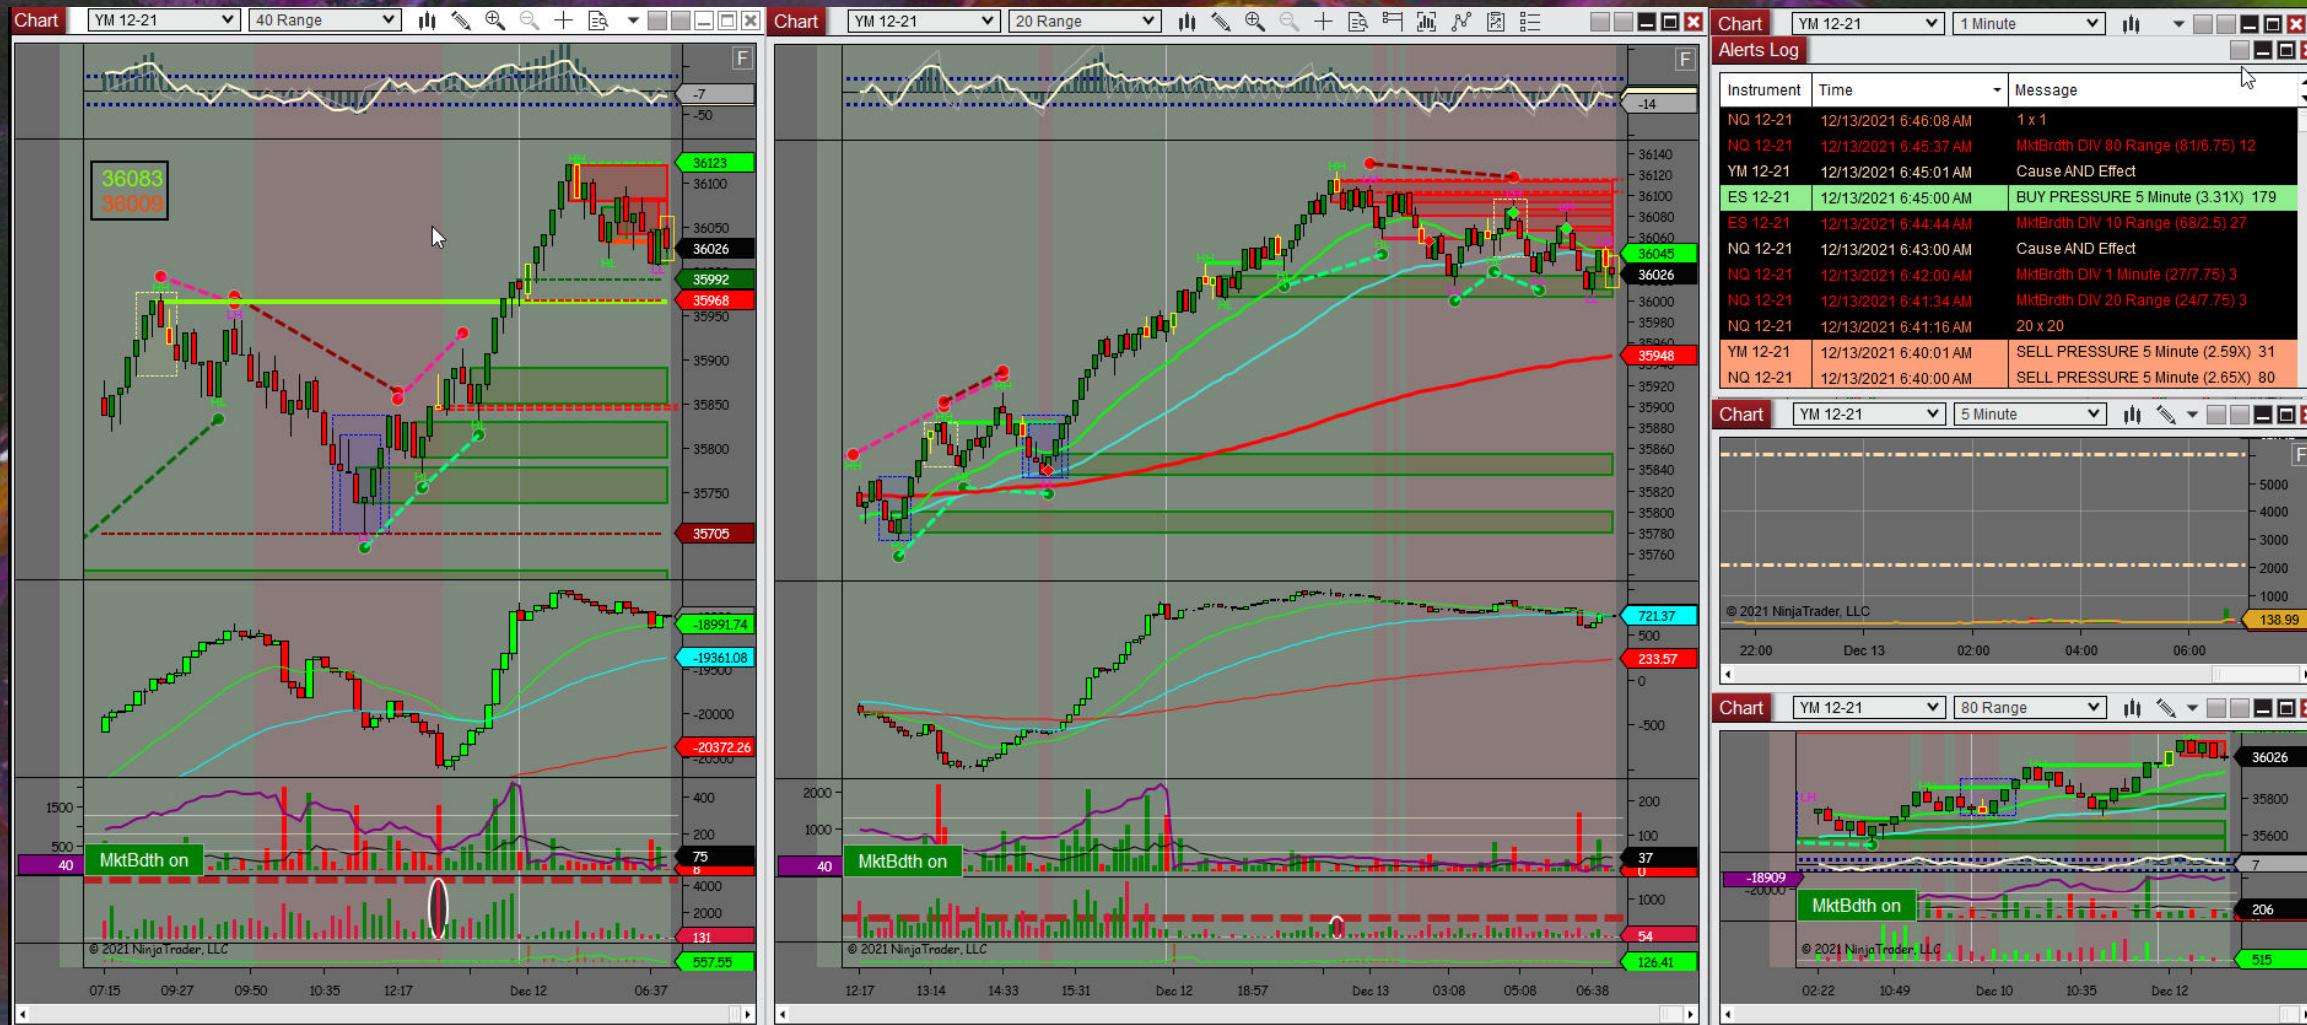

(12/13/21 - 12/17/21)
